Signs ARE ALLOWED only on residential lots with houses on them.

Signs ARE NOT ALLOWED on lots without residential homes.

1. Sign approval standards: Quality of Sign - Sign can be no larger than six square feet (not six feet square). The sign must be attractive, substantial material, well maintained and not over three feet high excluding legs. With legs, the sign can be no higher than five feet.
2. Lakefront lots and golf course lots with residential homes may have two signs: one on the lakeside/golf course and one on the roadside of the property. All other lots with homes may have only one sign per lot. Sign placement is restricted to the lot (with home) which is offered for sale.
3. Commercial Signs (such as realtors): An agency permit can be obtained, but we must have a list of the lots with homes to have signs and that list MUST be kept current.
4. Once a home has been sold, the sign must be removed within 10 days after closing.
5. Unapproved and unlisted signs will be removed without notice to property owner.
6. Contractor job signs must be removed as soon as a home is completed.
